AQSA SHAKOOR

Full-Stack Developer & AI Automation Engineer
Remote | Europe & Middle East Time Zones
Email: aqsashakoor21@gmail.com
LinkedIn: linkedin.com/in/aqsa-shakoor-523041216

PROFESSIONAL SUMMARY

Full-Stack Developer with 3+ years of experience in backend systems, TYPO3 extension development, and AI-powered workflow automation. Specialized in API integrations, document processing pipelines, and Docker-based deployments. Proven experience designing and implementing scalable automation systems in production environments that reduce manual workload and improve operational efficiency.

CORE SKILLS

Backend: PHP, Node.js, Python
Frontend: React.js, JavaScript, TypeScript, HTML5, CSS3
CMS: TYPO3 (Extbase, Fluid), WordPress (Plugin Development), Joomla
Automation & AI: n8n Workflows, AI Chatbots, API Integrations, PDF Processing
Database: MySQL
DevOps: Docker, ISPConfig, MAMP, DigitalOcean
Tools: GitHub, GitLab, Jira

PROFESSIONAL EXPERIENCE

Backend & AI Automation Developer

Gosign GmbH (Remote, Germany)
Mar 2023 – Feb 2026

- Developed and maintained custom TYPO3 extensions using Extbase and Fluid used in production environments.
- Build REST API integrations between external services and TYPO3.
- Design AI-driven automation workflows using n8n.
- Implemented an automated email-triggered document processing system that:
    - Extracts and redacts sensitive data from PDF attachments.
    - Dynamically merges multiple documents.

    - Stores processed files in TYPO3 via API.
    - Generates secure file links and automated email responses.
- Integrate AI chatbots into web platforms.
- Optimized MySQL queries to improve backend performance and system efficiency.
- Deploy applications using Docker and manage hosting via ISPConfig.
- Collaborate with frontend teams using React and TypeScript.

WordPress Developer (Intern)

Yellow Sols
Jun 2022 – Sep 2022

- Developed custom WordPress themes and plugins.
- Built responsive, optimized websites.
- Implemented frontend features using HTML, CSS, and JavaScript.
